## **GENERAL PROVISIONS**

1. If required by the Bonneville County Public Works Department, the Permittee shall give at least 24 hours advance notice prior to commencing initial work or any future work which would restrict the flow of traffic.
2. During construction, barricades, lights, and other traffic control devices shall be erected and maintained for the protection of the traveling public. Said barricades, lights, and other traffic control devices shall conform to the current issue of the Manual on Uniform Traffic Control Devices for Streets and Highways.
3. In accepting this permit, the Permittee, its successors and assigns, agrees to hold Bonneville County harmless from any and all liability on account of the erection, installation, construction, maintenance, or operation of the facilities located under this permit.
4. Except as herein authorized, no excavation shall be made or obstacle placed within the road right of way of Bonneville County in such a manner as to interfere with the travel over said roadway.
5. If the work done under this permit in any manner involves the disturbance of the traveled surface of the road and/or traffic control devices, said items shall be restored to the satisfaction of Bonneville County at the completion of the authorized work either by the Permittee or by Bonneville County at the Permittee's expense. Any work performed by Permittee to restore the road surface or infrastructure shall carry a one year warranty.
6. If the work done under this permit interferes in any way with the drainage of the County roadway, the Permittee shall wholly and at their own expense make such provisions to take care of said drainage as directed by the Bonneville County Public Works Department.
7. On completion of said work herein, all rubbish and debris encountered shall be immediately removed and the roadway and roadside shall be left neat and presentable to the satisfaction of Bonneville County.
8. The private access, drainage swale, sidewalk and sidewalk approach will be constructed to Bonneville County Standards and said improvements shall be maintained by the property owner with the correct cross-section as shown in the current set of Bonneville County Public Works Standard Specifications and Drawings.”.
9. The Bonneville County Public Works Department hereby reserves the right to order the change of location or the removal of any structure(s) or facility(ies) authorized by this permit, said change or removal is to be made at the sole expense of the Permittee, or its successors and assigns.
10. All such changes, reconstruction or relocation by the Permittee shall be done in such manner as will cause the least interference with the traveling public and/or County's work.
11. This permit or privilege granted shall not be deemed or held to be an exclusive one and shall not prohibit or prevent the County from using any of its roads, streets, or public places, or affect its right to full supervision and control over all or any part of them, none of which is hereby surrendered.

12. The Bonneville County Public Works Department may revoke, annul, change, amend, amplify, or terminate this permit or any of the conditions herein enumerated if Permittee fails to comply with any or all of its provisions, requirements, or regulations as herein set forth or through willful or unreasonable neglect, fails to heed or comply with notices given, or if the utility here granted is not installed or operated and maintained in conformity herewith.
13. Neither the acceptance of this permit nor anything herein contained shall be construed as a waiver by the Permittee of any rights given it by the Constitution or laws of the State of Idaho or of Bonneville County or of the United States.
14. If trench or pavement settlement should occur within one year from the date of installation, repairs shall be made by the Permittee as directed by the Bonneville County Public Works Department and all costs associated shall be at the Permittee's expense.
15. Maintenance of Traffic - The Permittee shall keep the roadway open and maintained to traffic at all times. If trained flaggers are used, delays shall be minimized at all times. If the work requires a closure, a complete traffic control plan will need to be submitted and approved by the Bonneville County Public Works Department.
17. Failure to Obtain a Permit - Should the Contractor fail to obtain and properly fill out a permit prior to working within the right-of-way, Bonneville County Public Works shall suspend the work until such time the permit is approved and possible fines are paid. Failure to comply with the permit process may result in suspension from doing future work within the right-of-way.
18. Contact the Public Works Department 48 hours prior to a final approval inspection.
19. This permit shall become void after \_\_\_\_\_.
20. Special Provisions: \_\_\_\_\_  
\_\_\_\_\_

I certify that I am the owner or authorized representative of the proposed facility or property to be accessed and agree to do the work requested hereon in accordance with the General Provisions and the Bonneville County Public Works Standard Specifications and Drawings.
